Strengthening Families
Program by Dr. Karol Kumpfer

3. Have 10–15 minutes of one-on-one time every day with each child using the “My Time” concept. Allow the child to choose the activity; praise as you play.
4. *Choose a set day and time for the coming weeks to watch all ten DVD lessons together and practice the skills you’ve learned using pretend situations. (For example, every Monday evening.)

FAMILY FUN:

Make a family Conversation Jar using the handout. While eating together, share what you like about each other or nice things you have done and discuss a topic from the jar.
